Nautilus Gets Big Welcome in New York

NEW YORK (AP)—The atomic-powered submarine Nautilus, fresh from her historic passage under the North Pole ice, got a cheering, cheering but rainy welcome from New York today.

Police helicopters circled a flotilla of about 20 Navy destroyer escorts, Coast Guard cutters, tankers, tugs, police launches and fireboats. They escorted the Nautilus through the harbor, part way up the Hudson River, and then around the tip of Manhattan headed for the Brooklyn Navy Yard.

The windows of Manhattan's skyscrapers bordering the water were jammed with office workers who waved greetings to the Nautilus crew standing smartly at attention on deck in a driving rain.

Fireboats arched cascades of water and liners berthed along the river blew their hoarse whistles in the traditional harbor greeting. The mighty underwater boat made her dress cruise along three miles of Manhattan's shore to give New Yorkers a better look at her.

At Brooklyn, around the other side of Manhattan, a Marine honor guard and a Navy band welcomed her.

The atomic-powered sub surfaced off Long Island Sunday night after a record 3,500-mile underwater cruise from England. She set a transatlantic speed record for submarines of 8 days, 11 hours and 55 minutes of the trip. That cut almost two days off the old record set by her sister sub Skate.

The Nautilus surfaced twice on its trip from Portland, England. Rear Adm. Hyman G. Rickover, a pioneer in the development of atomic submarines, boarded the Nautilus when she arrived this morning at the New York harbor mouth. Rickover was President Eisenhower's personal representative for the arrival ceremonies.

Rickover remained on the sub during its sail up the Hudson and return down the river to dockside ceremonies in Brooklyn.

Dulles Indicates U. S. May Act If China Attacks

By LEWIS GULICK

WASHINGTON (AP)—Two House foreign affairs specialists today viewed Secretary of State Dulles' new warning to Red China as indicating probable U. S. action if the Communists try to seize Quemoy and Matsu.

Both Representatives, Clement Zablocki (D-Wis.) and Walter H. Judd (R-Minn.) backed Dulles' stand as an aid to peace in the Far East.

Dulles said in a statement any Communist Chinese attempt to conquer the tiny Nationalist-held islands off the Chinese mainland would be regarded as a threat to peace in the region.

He did not spell out what, if anything, the United States would do in event of an all-out Communist attack on Quemoy and Matsu, which have been under intensive aerial and artillery bombardment for the past few days.

The Defense Department said Sunday night that in the light of the increased activity in the Formosa Straits the U. S. 7th Fleet and other naval forces in the Far East have been ordered to take normal precautionary defense measures. A department spokesman declined to say what such measures involve.

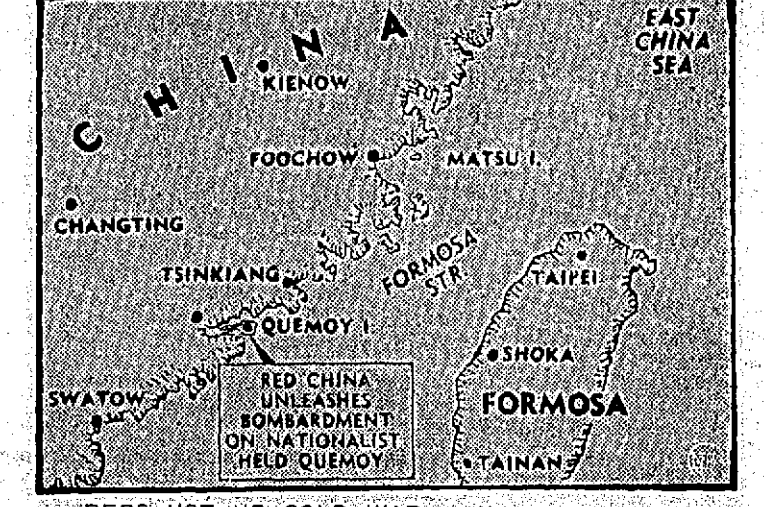

Zablocki, chairman of a House Foreign Affairs subcommittee on the Far East, said in an interview he considers Dulles' statement as marking an extension of a 3 1/2-year-old policy under a congressional resolution authorizing President Eisenhower to fight, if necessary, to defend Formosa, Nationalist Chinese strongholds, and related areas.

"I concur with it," said Zablocki, adding that chaos would result if this policy were not extended to include Quemoy and Matsu.

Judd, senior Republican member of the Far East subcommittee, voiced a similar view.

He said in a separate interview that the Communists are continually probing for soft spots in one or another part of the world. Where the free world doesn't stand firm, he said, the Reds move in.

He interpreted Dulles' statement as a warning to the Chinese Reds that "you're playing with fire if you start things over there."

REDS HOT UP GOLD WAR—Newsmap spots Quemoy island, some 12 miles off the coast of Red China, which has been undergoing massive bombardment in what Nationalist Chinese spokesmen say is the biggest bombardment of any Nationalist Chinese territory by the Reds since Generalissimo Chiang Kai-shek's government was driven to exile in Formosa in 1949.

Local Newsboys Nearing the Yellowstone National Park After a Temporary Delay

By A. H. WASHBURN
Editor & Publisher

CODY, Wyoming, Aug. 22 — Here on the fifth day of our newsboys' safari through the Golden West we rested last night (Thursday), only 79 miles short of Yellowstone National Park — which we will reach about noon today.

When you are carrying equipment and supplies for a motor party of seven you find there are moments of inevitable delay — such as the reason behind our spending part of this morning shopping in Cody.

The reason — air mattresses. All nine of them gave out. This morning we replaced them with sleeping bags. The five newsboys had been sleeping on the faulty, air jobs in our 12x12-foot tent, while C. M. (Pod) Rogers Jr., circulation manager, and I slept on a pair in the station wagon.

On the last stop before this, Wednesday night at Devil's Tower, Wyoming, camp elevation 4,000 feet, Rogers' mattress went flat in the middle of the night and the two of us toughed out the bitter cold (estimated temperature 38 degrees) wrapped in our blankets.

And when the air pump gave out as we were setting up camp here in Cody last night (Thursday), Rogers and I put the camp in charge of Jimmy McGuire, oldest of the newsboys, and the two of us sought refuge in a tourist camp. So this morning we threw away all the air mattresses and started from scratch with sleeping bags for everybody — as we are now going into Yellowstone National Park where it will be strictly camping out for several days.

Our run Thursday was 384 miles from the last overnight stop at Devil's Tower, one of the great natural wonders of our United States. Devil's Tower is a giant finger of volcanic rock that thrusts straight up 800 feet from the 3,000-foot high plateau. As the sunlight wheels around it, the great rock changes color, from gray to pink, and once for a fraction of a second it was a vivid green as its lichen coat caught the sunlight at a certain angle. We took many pictures, of course, both in black and white and Kodachrome.

But the prize exhibit at Devil's Tower for all of us — adults and boys alike — was the biggest prairie dog town you ever saw. The dogs — they look to be one-quarter squirrel, one-quarter groundhog and one-half rabbit — were spread over a 20-acre field close to the Park Ranger station at the Devil's Tower Park entrance. They came up to the roadway and stole bread crumbs out of our hands — at least the friendly ones whose dens were nearest the highway. These were the fattest dogs of course, leading Rod Rogers to remark that just as with humans, some prairie dogs real estate is more valuable than another — the roadway dens previously selling at a premium because of their proximity to three square meals a day. We must have made a hundred pictures of the dogs and their curious humped-back den entrances.

Going back a bit with our story: Eastern Wyoming, which we entered shortly after leaving the Rushmore Memorial in South Dakota, is a lush land of great meadows and grain fields, now in full harvest, and eye-catching herds of beef cattle. Then we climbed the eastern slope of the Rocky Mountains and went over Powder River Pass at 9,666 feet and suddenly all was changed.

The descent on the western slope of the Big Horn Mountains is through the magnificent Ten Sleep Canyon, with another odd name, East Asleep Creek, along our course. Here the earth was literally torn apart, and we wound down a vertical 3,000 feet along the wall between canyon shoulders that were a mile wide.

We were in the Wyoming Bad Lands, running into desert and sagebrush — a vast stretch of ruined earth. It nearly equalled the South Dakota Bad Lands which we saw on our approach to Rushmore Memorial Tuesday.

Here in Cody, Wyoming, elevation 5,000 feet, and 1,971 miles from home, we find the townfolk still use silver dollars, of which we have accumulated a quantity in making change. On the silver dollar it says, "In God we trust" — to which the knights of the road say reverently, "Amen."

Arden Richard Irwin, 20, died at his home on Hope R. 2 Sunday. He was the son of Mr. and Mrs. Winston Irwin.

Besides his parents he is survived by a brother, Bobby Edwin of Hope, his maternal grandparents, Mr. and Mrs. Otis Purdie and his paternal grandfather, J. W. Erwin.

Funeral services will be held at 2 p. m. Monday at Unity Baptist Church by the Rev. Bill Moore and the Rev. D. O. Silvey. Burial by Herndon-Cornelius will be in Shover Springs Cemetery.

Negro Enters Home Here, Shor
Chester Spearman, Negro, was shot in the arm and shoulder Friday night when he broke into the home of Rennie Ross, City Police said. The 22-year-old Negro was taken to a hospital. He was in good condition with a 22-cal. rifle. He was not considered a criminal. No charges were filed against the woman.

Supreme Court Called Into Special Session to Rule on Integration

Legislature to Pass Laws Faubus Requests

By ROBERT E. FORD

LITTLE ROCK, Ark. (AP) — Gov. Orval Faubus today had three segregation bills ready as Arkansas state legislators gathered for tomorrow's special session. The key one would close Central High School to further racial integration, subject to public referendum.

As the U. S. Supreme Court in Washington called its own special session for Thursday on the Central High legal crisis, a legislative source said Faubus has outlined three measures for immediate submission to the Legislature.

They are: A bill to postpone the opening of Central from Sept. 2 to Sept. 3, apparently to give the Legislature a little added time for maneuvering;

A bill authorizing the governor to close Central High rather than mix Negroes and whites in its classrooms. Once closed, a public school district referendum within 30 days would decide whether to integrate the school or keep it closed;

A bill to let any white student displaced from a closed school carry his state aid allotment with him to another open district.

The Supreme Court decided to interrupt its summer vacation for a rare special session. It has before it the appeal of the National Assn. for the Advancement of Colored People to order an immediate reopening of Central to seven Negro students who attended its classes last year.

Atty. Gen. Bruce Bennett, in the forefront of the state's legal fight to stall off further Central integration, said it is difficult to guess a Supreme Court decision in advance. But he added: "It is my thought that they will grant the petition of the NAACP for this reason, it is all the more important that this special session of the Legislature enact such legislation that will preserve the peace at Central High School and roadblock those organizations attempting to force integration on the people of Arkansas. That is our best insurance against an adverse decision."

Faubus has called the special legislative session in a race against time. He said his aims are to preserve peace in Little Rock. He also said last week that information he has received indicates any effort to integrate this fall will spark more violence than a year ago.

White demonstrators rioted last fall when nine Negroes entered classes. They battled police until the Negroes were removed. President Eisenhower sent in 1,000 paratroopers, who bayoneted one man and smashed another's face with a rifle but while driving the demonstrators away.

The NAACP last week petitioned Justice Charles Whittaker of the U. S. Supreme Court to reverse lower court decisions and open the school to Negroes opening day, Sept. 2.

Present federal court orders do not require the school to integrate until well after school opening, and then only if the Supreme Court rules it must do so.

However, Justice Whittaker says he alone can issue an order for immediate integration. He indicated he did not plan to act before next Thursday afternoon, but could do so earlier.

Faubus said the Legislature could not wait for a last-minute ruling by the justice but must pass measures in advance to prevent violence.

Guernsey to Open Schools on Sept. 8
White Schools of Guernsey will register on Sept. 4 and Negro schools register on Sept. 8 and 9, it was announced today by Superintendent Guernsey.

China Slacks Off Shelling of Quemoy

By SPENCER MOOSA

TAIPEI, Formosa (AP) — The Chinese Communists today slacked off their attacks on the offshore Quemoy and Tan Islands after a weekend of massive bombardment and air and sea activity that aroused fears it was the curtain raiser for Red invasion.

The Nationalists reported turning back a seaborne Communist attempt to seize the island outpost of Tungting, 17 miles south of Quemoy, Sunday night.

China Kai-Shek's forces also claimed their planes shot down two MIG-17s in a dog fight over Quemoy Sunday night between 48 MIGs and an undisclosed number of Nationalist jets. It was the largest number of Communist planes so far reported in action at one time over the Formosa Strait.

After plastering the islands with nearly 80,000 artillery shells Saturday and Sunday in the heaviest barrage of the post-spectacular war, the guns on the adjacent Communist territory fired only 2,000 rounds during a four-hour bombardment this morning, and another 22 shells in as many minutes during the afternoon.

The Nationalist Defense Ministry said the defenders' guns replied vigorously but did not disclose the volume of counterfire.

The U. S. Defense Department ordered the 7th Fleet and other American naval forces in the Far East to take normal precautionary defense measures "in light of the increased activity in the Taiwan (Formosa) Straits."

The U. S. Navy also announced that combined U. S.-Nationalist Chinese naval exercises would be held early next month to promote "close working relations" between the two forces.

The United States is pledged by treaty to defend Formosa and the neighboring Pescadore Islands. As regards Quemoy and the other offshore islands, the Eisenhower administration has followed a policy designed to keep the Reds in doubt whether the 7th Fleet would also go into action if the Communists Continued on Page Two

NORFOLK, Va. (AP)—A federal district judge today returned to the Norfolk school board for further consideration the applications of all 151 Negroes who sought admission to white schools.

Judge Walter E. Hoffman referred the applications back to the board "for such further consideration, if any, as you may deem proper and legal" by reason of his interpretation of the board's duties as related to principles of law.

He instructed the board to report the results of its "actions, if any," Aug. 29, Norfolk schools re-open Sept. 8.

Hendrix Spraggins, candidate for the City Board of Directors, withdrew today in favor of his opponent, LaGrone Williams. The first election ended in a tie. He quit the race due to business reasons.

Thus Mr. Williams will go in as the new board member and will be administered oath of office at the first regular meeting in September. Mayor George Frazier said today.

Eisenhowers Plan Another Vacation
WASHINGTON (AP) — President and Mrs. Eisenhower hope to get away Thursday or Friday for a vacation the second year in a row at Newport, R.I.

Press secretary James C. Hagerty in announcing this, said he had no idea how long the vacation may last. It all depends on the world situation as well as developments at home, Hagerty said.

As was the case last year, when Eisenhower spent about a month at Newport, presidential office headquarters will be at the U. S. Naval Base on Coasters Harbor Island, adjacent to Newport, in Narragansett Bay.

However, the President and Mrs. Eisenhower will have their living quarters this time at Ft. Adams, another naval installation situated across Newport Harbor from Coasters Harbor Island.

"This is a conditional announcement," Hagerty told a news conference in speaking of the Eisenhower's hope to go to Newport later this week.

Hagerty said present plans call for departure at the earliest Thursday afternoon or Friday morning. But he emphasized that the President's plans could be changed by unforeseen developments.

Warren Wants Ruling on the Little Rock Case

WASHINGTON (AP)—The Supreme Court today called a special session Thursday of this week to consider the Little Rock school segregation case.

The high court, convening in the extraordinary session at noon today, will deal with the application of the National Assn. for the Advancement of Colored People for cancellation of the desegregation delay granted by the 8th Circuit of Appeals at St. Louis.

The announcement, issued by Chief Justice Warren after consultation with the other members of the high court, said:

"The petitioners have filed with Mr. Justice Whittaker an application for vacation of the order of the United States Court of Appeals for the 8th Circuit staying the enforcement of its mandate, and the stay of the order of the United States District Court for the eastern district of Arkansas of June 21, 1958."

"Mr. Justice Whittaker deeming it more appropriate for the full court to pass upon such a motion, the chief justice, after consultation with other members of the court, has called a special term of the court for Thursday, Aug. 28, at noon, to consider this application."

"The solicitor general of the United States is invited to file a brief and to participate in the oral arguments if he is so advised."

Special terms are a rarity. The most recent one was called Continued on Page Two

False Bomb Threat in Tennessee

NASHVILLE, Tenn. (AP) — A false bomb threat interrupted a forum attended by race agitator John Kasper in a Negro church here yesterday.

The threat was telephone anonymous to police, firemen and newspapers, apparently almost simultaneously.

The call to the downtown police station was logged at 4:25 p. m. and police, who had laid plans in advance, had cleared the church of 150 persons by 4:20.

The caller had said the bomb was set to go off at 4:30. By shortly after 5 p. m. police had searched the building, found no bomb and the meeting resumed in a different part of the church.

Kasper had evoked the Sunday school, auditorium, in which the meeting was held several minutes before the threatening call.

He and several companions stood quietly at the rear of the auditorium, filed quietly out with the rest of the predominantly Negro audience, returned with them and stood through the rest of the meeting.

While police were searching the building, he told newsmen, "I just came over to hear what they had to say and what was going on."

He declined to comment on the bomb threat.

When the meeting was interrupted, School Supt. W. H. Oliver was explaining the procedure to be followed in Tuesday's registration of first graders under court-ordered grade-year segregation.

Nashville schools desegregated first grades last year under long-pending first-step plans and will desegregate second grades under a permanent court-approved plan which is now being appealed by both sides in the case.

Bobcat fans are reminded by President Jack King that tonight's Bobcat club meeting is slated for 7:30 in Jones High House. All members and fans are urged to attend this important meeting.

Joe Jones and family have returned to Hope from Texas where they have lived the past few years. They will again make Hope their home, at least for a few weeks.

Important county poultry meeting will be held at Bodway School at 7:30 Tuesday night with Charles C. Hawks, general manager of the Poultry Federation discussing contracts, broiler prices.

Allen Pool, local FFA member, was named state winner of the Farm Electrification contest last week. He was awarded a cash prize of \$100.

The annual Farm Bureau picnic and barbecue will be held at the Experiment Station Lake, Friday, August 29 at 2 p. m.

The first full day of school will be September 8 and the lunch room will be open. Registration days will be on that day schedule.

Several States Will Vote During Week

By THE ASSOCIATED PRESS

Alaskans vote on statehood Tuesday while New York Republicans and Democrats select candidates to the U. S. Senate at nominating conventions.

The New York conventions formally nominate their gubernatorial candidates today. But these already have been settled — Gov. Averell Harriman for the Democrats and Nelson Rockefeller for the Republicans.

Thomas K. Finletter, former Air Force secretary, was said to have a slight but inconclusive edge among six contenders for the Democratic nomination for the Senate.

Republicans reportedly were having some difficulty agreeing on a candidate for the seat now held by Republican Irving M. Feiveson, according to Kenneth B. Keefe, a political pundit.

Most forecasts were that statehood would carry by at least a 2-1 majority in Alaska. The statehood act, passed by Congress this year, becomes void if Alaska is turned down by one of two referenda.

to pass on the appeal of Julius and Ethel Rosenberg, later executed as Soviet spies.

Only an issue rated as tremendously important, or as presenting a question which must be settled before the expiration of a time limit, calls the Supreme Court back from summer vacation.

In the Little Rock case the time limit is the Sept. 2 opening date of the new school term.

As the session of the high tribunal was called, members of the Arkansas State Legislature streamed into Little Rock prepared to empower Gov. Orval E. Faubus to close Central High School if the federal government tries to integrate it for a second year.

The current litigation over integration at Central High stems from the action of the U. S. District Court in Little Rock in granting a 2½-year stay of a previous order for desegregation.

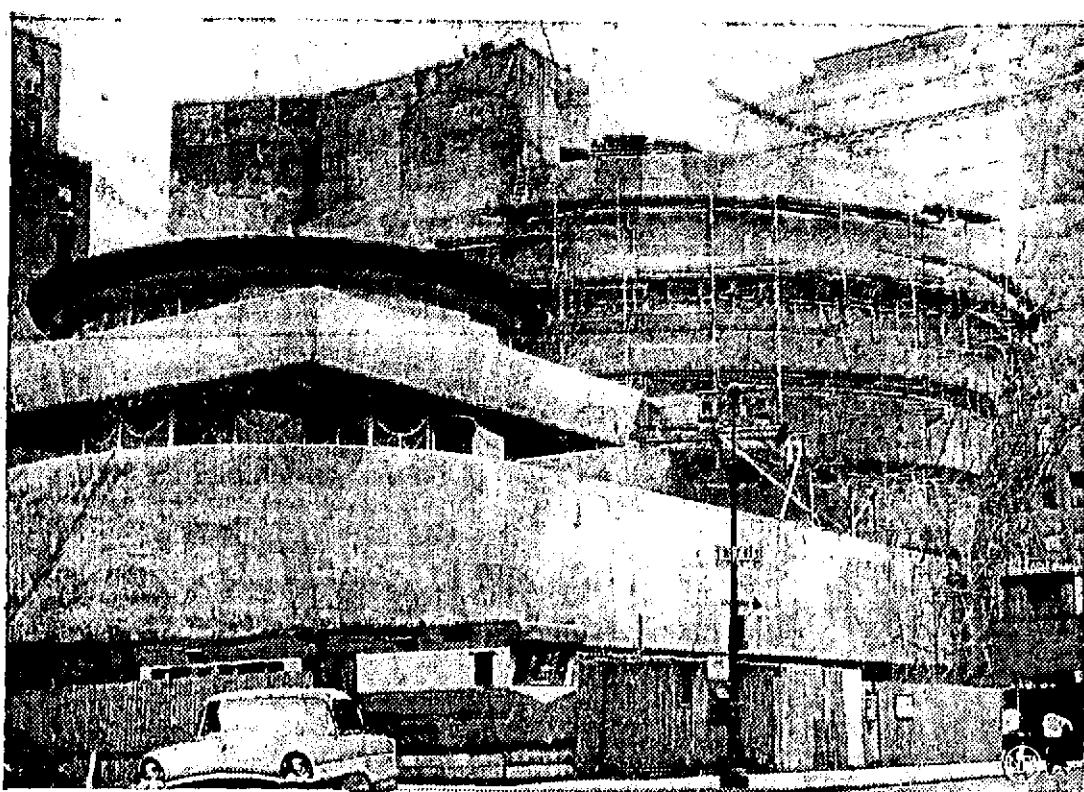

The 8th Circuit Court of Appeals threw out that order, and then on the application of the school board stayed the execution of its own ruling pending action by the Supreme Court.

Last week, Justice Whitaker, who has jurisdiction over appeals from 8th Circuit matters while the Supreme Court is in recess, voiced the opinion that one justice could pass on the NAACP application for cancellation of the integration delay.

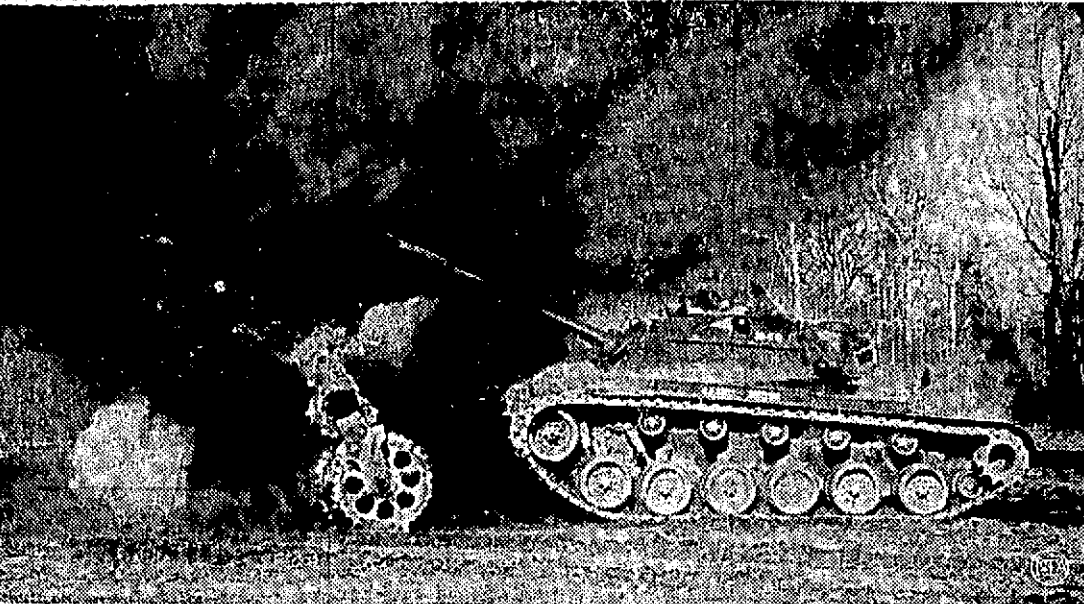

There would be no doubt of one justice's authority to stay an affirmative order of a lower court.

But until Whitaker set forth his opinion there had been a question among Supreme Court observers as to whether one member of the court could cancel out a lower court's order delaying application of the lower court's own ruling.

The wording of Warren's announcement made it clear the matter had been taken up with the other justices and that the conclusion was that it was a proper matter for the full bench.

endum propositions.

One asks "Shall Alaska immediately be admitted into the Union as a state?" The second accepts the present territorial boundaries. The third would accept 103,550,000 acres of public land for the state and would authorize military land withdrawals in time of national emergency.

A "yes" vote on the propositions would mean creation of the new state probably in late December or early January.

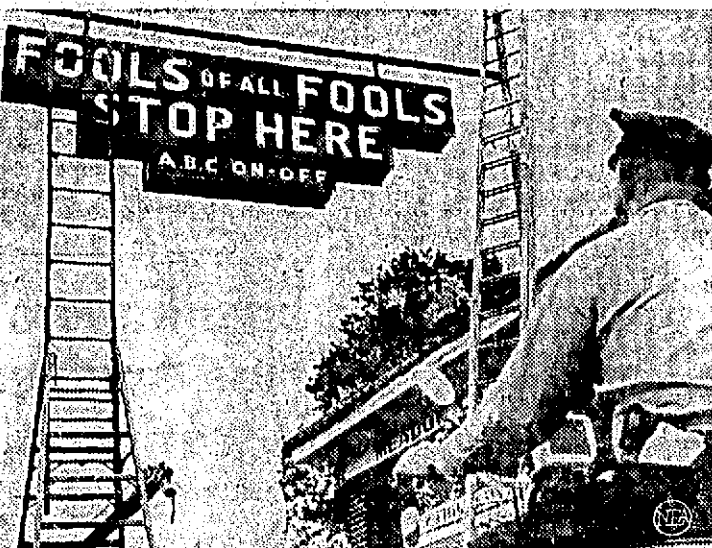

In the Louisiana Democratic primary Saturday, Reps. F. Edward Hebert, Overton Brooks and James Harrison outpolled challengers for renomination. Reps. Hilo Boggs, Edwin Willis and T. A. Thompson were unopposed.

Hebert scored a landslide victory but one of three challengers, Negro attorney A. P. Tureaud, made the best showing achieved by a Negro in a Southern election this century. Hebert rolled up 60,836 votes while Tureaud finished second with 9,924.

Alaska Will Decide on Joining Union

JUNEAU, Alaska (AP)—A general election of debate on the merits of statehood for Alaska will be held Tuesday at the polls.

A "yes" vote on three separate referendum propositions would mean creation of the new state probably in late December or early January. Actual admission will come with the issuance of a presidential proclamation after the results are in from a general election in November.

Most forecasts were that statehood would carry by at least a 2-1 majority of the more than 35,000 ballots that are expected to be cast. For the first time in Alaska, 19 and 20 year old residents will be among those voting.

Opposition to the end of territorial status has come largely from residents who fear new and higher taxes to support a state government.

Many federal employees in the territory also have expressed fears that statehood would bring an end to a 25 per cent cost of living allowance they now receive for working in Alaska.

For the first time, Alaskans will be voting for officials seeking elective offices of governor and secretaries of state. In addition, candidates will be nominated for two U.S. Senate seats and one seat in the U.S. House.

If statehood carries in the referendum, a general election to name the first state officials will be held Nov. 25.

Won't Pull Punches, Says Union Prober

By DILLON GRAHAM

WASHINGTON (AP)—The chairman of a citizens commission named by Teamsters Union President James R. Hoffa to probe corruption charges against Teamsters officials says he's not going to prejudge anyone.

"All I can say is that I do not pull punches," said George H. Bender Sunday in Cleveland. Just wait and see.

Hoffa announced Saturday he was naming Bender, former Republican senator from Ohio, to head a three-man citizens commission. The other two are F. Joseph Donohue, Democratic former District of Columbia commissioner, and Ira W. Jayne, retired Wayne County (Detroit) judge and law professor at Wayne University.

A Teamsters lawyer said they would be paid \$250 a day each while at work.

In announcing appointment of the group, Hoffa said the commissioners "shall guide us and assure the membership of our union a strong, honest leadership."

The Teamsters president, himself a target of corruption charges by the Senate Rackets Committee said, "I intend to meet squarely charges of corruption."

Bender said he wants to help clean up the Teamsters Union because he said he is convinced Hoffa is sincere, adding: "If I didn't think so, I wouldn't accept the chairmanship of his commission."

Asked in Cleveland whether his investigation would include Hoffa, Bender said: "We (the commission members) didn't elect Hoffa. He was elected by the union membership."

The Rackets Committee has charged Hoffa surrounded himself with hoodlums and worked with underworld elements in trying to extend his labor power. The committee's hearings on the Teamsters and Hoffa resumed

Sharp Increase in Some Diseases

LITTLE ROCK (AP)—State health officials say a sharp increase has been repeated in the number of new cases of three communicable diseases during the first half of 1958.

The State Board of Health last week had recorded 11 new cases Tuesday.

It was unclear what connection, if any, the new anti-rickettsia commission would have with the monitors appointed by a federal court some months ago to watch over Teamsters affairs.

of hookworm, 20 cases of histoplasmosis—A disease similar to tuberculosis—and four cases of leptospirosis, commonly called mud fever.

Dr. J. T. Herron, state health officer, said there were no cases of hookworm or mud fever last year and only 14 cases of histoplasmosis.

The increase in cases is not a cause for alarm, however, Dr. Herron said.

"It simply means that the doctors are doing a better job of reporting this year than they did last year," he said.

All of the diseases are classed as relatively minor though any of them can be fatal.

Defense spokesmen said Nationalist warships beat back two Communist moves toward Tainan. First navy units clashed with four Red gunboats and six landing craft. An hour later the Nationalists encountered five Red gunboats and 80 armed motorized junks.

The Defense Ministry reported that several Communist torpedo boats attacked two Nationalist LST's carrying wounded soldiers from Quemoy. One LST was sunk but all aboard were taken off. The other LST was damaged and the ministry said it was towed to safety.

Teachers Meeting in Little Rock

LITTLE ROCK (AP)—The annual Arkansas conference of teachers, co-ordinators and counselors in vocational education was scheduled to open here today. Speakers at the session, which will continue through Wednesday, include S. M. Jackson, Louisiana Superintendent of public education, and Sam Brownlee, Newport banker.

Arkansas has had five constitutions — 1836, 1861, 1864, 1901 and 1874.

Marshall Was Ready to Play

CHICAGO (AP) — Jim Marshall walked into the Chicago Cubs dressing room Sunday and Manager Bob Schefling asked: "Are you ready to play?" Marshall's answer to the surprise question was "Yes sir."

Then the 26-year-old first baseman, purchased from Baltimore Saturday, went out and proved it. He socked three home runs and a pair of singles to celebrate his greatest day in the major leagues.

Twice he put the club ahead with his lusty hitting only to have the Philadelphia Phils come back with late inning rallies and win both games, 13-8 and 5-3.

"At Baltimore," said Marshall, "I was just a sub, I went in to pinch hit once in a while but seldom had the opportunity to play regularly."

Marshall, a left handed hitting first baseman, crashed a pair of homers and a single in the first game and then hit a homer and a single in the nightcap.

He came to the Cubs with a .215 average and five homers with 19 runs batted in. He cost the Cubs "a little more than the waiver price."

Texan Wins Golf Title of Canada

EDMONTON (AP) — A soft-spoken young Texan won the Canadian Open Golf tournament Saturday, standing up under pressure to win by a stroke in a stretch duel with a seasoned veteran.

Wes Ellis, 26-year-old native of San Antonio now playing out of Ridgewood, N.J., overcame early nervousness and last-hole jitters to score a four-under-par 66 in the final round and finish the 72-hole competition 13 strokes under par with 287.

This was one better than Jay Hebert, 35-year-old Frenchman from Sanford, Fla.

Ellis earned \$3,500 and the Seagram Gold Cup. Hebert took \$2,800 for his second place finish.

Reprimand to Truman Voted by Committee

LITTLE ROCK (AP) — The Democratic State Committee voted yesterday to reprimand former President Harry S. Truman for saying Arkansas voters acted in ignorance and hysteria in renominating Gov. Orval Faubus.

Judge Rogers of Camden was named to write the letter, which was proposed by Mrs. Mattie G. Hackett of Stamps. The reprimand motion passed with slight opposition.

Mrs. Hackett said she had known Truman for a number of years and she wanted to let him know that "we do not appreciate what he said about Arkansas voters."

Truman said at Chicago Aug. 6 that Arkansas voters "lacked information of what was involved" and that they acted "in ignorance and hysteria" in renominating Faubus to a third term in the July 29 Democratic primary.

Two of the 17 committee members present opposed Mrs. Hackett's motion. There are 54 committee members, but proxies from 21 of them made up a quorum so that business could be conducted.

The committee set Sept. 5 as the date for the opening of the Democratic state convention. It will continue through conclusion of business Sept. 6.

State Sen. Jory J. Secon of Haden was named temporary chairman and keynote speaker of the convention. Searcy Wilcoxen of Hamburg was named temporary secretary.

Claude D. Carpenter Jr., former administrative aide to Faubus and now an attorney for the state Public Service Commission, was elected state finance chairman to succeed Jack T. Stephens of Little Rock.

A 5-member committee was named by Tom Harper of Fort Smith, state committee chairman, to study Arkansas election laws in general and particularly those passed in 1957.

Harper named Weems Trussell of Fordyce, who suggested the study, committee chairman. Others appointed were Beloit Taylor of Little Rock, George E. Steel of Nashville, Arnall Taylor of Clarksville and Mrs. Agnes Ashby of Arkadelphia.

Trussell said a 1957 law which required the Republican Party to hold its first statewide primary this month had confused the state's elections. He particularly pointed out a requirement that unopposed candidates be listed on the ballots, which increased the length and the cost of the ballots.

Fred W. Martin, a Hot Springs Negro representing the Sixth Congressional District on the committee, made a farewell speech. He was defeated in his bid for reelection.

Harper told Martin he had been a "very loyal, hard-working and efficient" committee member.

Giants Have Drawn Their Millionth Fan

SAN FRANCISCO (AP) — The San Francisco Giants' millionth fan — plus a few more poured through the turnstiles at Seals Stadium Sunday.

The capacity 22,013 who watched a game leading Milwaukee dump the Giants 8-5 in 10 innings boosted the total attendance for 90 home dates to 1,010,450.

Last year in New York, the Giants in the 32,000-seat Polo Grounds drew 653,173. The last time they drew a million customers was in 1951 when they won a pennant.

Arkansas has nearly 100 miles of bridges in its state highway system.

DOROTHY DIX

Stop and Think Mom, Who Is to Blame

Dear Dorothy Dix: Soon after my daughter started college last fall, she met a young man who talked her into becoming engaged.

We argued about it because we wanted her to finish school, we thought she was too young for permanent engagements, and we considered a friendship of two months inadequate to establish their feelings for each other. The upshot was that the girl packed up and left home. She hired a room, left school, got a job and refused to have anything to do with us.

She always had everything her own way. We gave her singing, dancing, and art lessons. She wasn't restricted in her dating, and I think this is a very selfish way to repay us. We don't want any thing to do with this marriage, as we figure it won't work out.

Jenny: Dear Jenny: Sorry to be hard-bolted, lady, but you cooked this mess yourself. Your failure to impose restrictions was not due to kindness or love, but to laziness and cowardice. She should have been taught respect for authority instead of how to paint a sunset. She now is a completely undisciplined young lady, and where she'll end is anybody's guess. If she's lucky, she will learn the hard, but necessary, lessons of life herself.

The least you can do is stand by to pick up the pieces if she fails. Raising her without discipline was bad enough, but to turn your back on the very fruits of your work would be cruelly indeed. Help her now as you should have done years ago.

Dear Dorothy Dix: My mother-in-law has never been known to have a kind word for anyone. She has estranged herself from three of her five children and from 10 of her 14 grandchildren. My son, heartily who is one of the few people who can stand her, says she insists that we drive over to see her mother every day. These visits are most uncomfortable. We can't mention the names of anyone with whom my

mother-in-law isn't friendly, and don't dare disagree with her on anything. Is there anyway we can make her more kind and loving? Wally

Dear Wally: Domestic tyrants will remain tyrannical as long as there's even one person to cater to them. Your wife is going overboard to keep peace by this daily visiting which probably isn't even appreciated. Get your mother-in-law interested in religion; only the examples of tolerance and charity will change her.

Dear Dorothy Dix: My parents were divorced when I was five and my godmother adopted me. I'm not happy. Although I'm 14 and have good sense, she buys all my clothes! I can pick them out myself. Furthermore, I can only date on weekends. She's very mean, to me, Janet D.

Dear Janet: Your complaints about your godmother scarcely constitute meanness. You are a very lucky girl to have been adopted and your godmother is certainly doing her best to be a good mother to you. Stop balking and start cooperating. Be grateful you have someone to buy you all the clothes you want and weekend dating is quite generous at your age.

Woman Jailed for Aiding 4 Escapees

LITTLE ROCK (AP) — A 18-year-old woman has been jailed here in connection with the escape of four patients from the criminal ward of the State Hospital a week ago. Police said she admitted smuggling a pistol to one of the escapees.

All four of the patients are back in official custody.

Mrs. Vivian Harris, 18, of Humnocks, was arrested by Little Rock police yesterday and turned over to State Police Lt. Paul McDonald for questioning.

McDonald said Mrs. Harris admitted in a written statement that she passed a newly bought pistol to her nephew-in-law, Bobby Milam, 22, of Humnocks, during a visit to the institution last Saturday.

She was quoted as saying Milam pocketed the weapon and pulled his shirt tail over the bulge.

Later that day Milam forced an attendant at gunpoint to give up keys to the ward. Milam and Franklin Bosnick, 30, of Moro Bay and Gordon Sullivan, 16, and Charles Sellers, 18, both of Pine Bluff, fled after locking the attendant and three others in a room at the hospital.

Sullivan returned within an hour and Sellers was arrested at Pine Bluff last Sunday. Milam and Bosnick were arrested near Albuquerque, N. M., Thursday.

The latter two were riding in a car which officers said was stolen at Memphis. Federal agents said they would be charged with interstate transportation of stolen vehicle and that the pair how indicated they would attempt to stand trial on that charge rather than be extradited to Arkansas.

Capt. Alan R. Templeton of the Arkansas State Police said this state could file at least 10 charges involving burglary, grand larceny, car theft and forgery against Milam and Bosnick.

Mrs. Harris was held on an open charge.

Frank Lary Is Laughing at the Yankees

By JOE REICHLER
Associated Press Sports Writer

Frank Lary laughs at the Yankees who are constantly howling "Break up the Yankees."

Lary's only complaint is that he doesn't see enough of Casey Stengel's American League champions.

The stocky Detroit right-hander faced the Yankees Sunday for the seventh time this season and for the sixth time he beat them. The score was 3-2, enabling the Tigers to gain a split in their double-header as the Yankees won the nightcap 3-2.

Not since 1941 has a pitcher whipped the Yankees six times in one campaign. It was done by a pair of Detroit hurlers Hal Newhouser and Dizzy Trout.

The split enabled the runaway Yankees to widen their lead to 12 games over Chicago, which was the only place Red Sox swept a double-header from Kansas City 14-3 and 3-2 in 11 innings. Cleveland swamped Washington 9-1.

In the National League, Milwaukee increased its lead over San Francisco to seven games with an 8-5 victory over the Giants in 10 innings. Pittsburgh split a twin-bill with St. Louis. The Pirates won the opener 3-4 but lost the second 12-8. Philadelphia took a pair from Chicago 13-8 and 5-3. Cincinnati defeated Los Angeles 6-5.

Detroit outlasted the Yankees 12 to 6 in the opener. Charlie Maxwell led the Tiger attack with a pair of singles and a three-run homer. Art Ditmar was the loser.

Norm Siebern's ninth inning home run snapped a 2-2 tie for New York in the second game. Herb McFord, who had held the Yankees hitless after the first inning, was the victim. Winner Bobby Shantz went the distance for the first time since April 27.

Jackie Jensen's run-producing single in the 11th broke up a tight pitching duel between Boston's Murray Wall and Kansas City's Ray Herbert in the second game of their twin bill. The Red Sox bombed four Athletics pitchers for 16 hits in the opener, with Don Buddin and Pete Daley driving in three runs each on as many hits. Wall, coming to the relief of starter Ted Bowsfield in the fourth inning of the nightcap, allowed only one hit in 7-2-3 innings.

Billy Gardner drove in three runs with a pair of doubles in Baltimore's triumph over Chicago. "Two other Billies—pitchers O'Dell and Loes—held the White Sox to three hits with O'Dell pitching his 12th victory.

Jim (Mudcat) Grant hurled his fifth victory over Washington, as Cleveland belatedly overcame Senator pitchers for a dozen hits. Larry Doby drove in three runs for the winners with a single, double and his eighth home run.

Grid Officials to Meet Here Aug. 28

LITTLE ROCK (AP)—Arkansas football officials will get together in district meetings this week to discuss problems and ways to improve officiating.

More than 250 officials met here yesterday at a state meeting of the Arkansas Officials Assn. Cliff Shaw, Prior Evans, Bill Atkinson, Ernest McDaniel and Phil Shannon were discussion leaders at the meeting.

Football films and film strips on officiating were shown at the session.

The schedule for district meetings is as follows:

District 1—Harrison, Sept. 5, 7:30 p. m. W. L. Crabtree conducting.

District 1W—Fayetteville, Sept. 4, 7:30 p. m., Stacy Looney conducting.

District 2—Newport, Sept. 2, 7:30 p. m., Prior Evans, conducting.

District 3—Jonesboro, Sept. 3, 7:30 p. m., Stormy Lynch, conducting.

District 4—Paris, Aug. 27, 7:30 p. m.

District 5—Little Rock AEA building, Sept. 7, 2 p. m., Gene Hamley conducting.

District 6—Brinkley, Aug. 31, 2:30 p. m.

District 7—Hope, Aug. 28, 7 p. m., Clott McClure conducting.

District 8—Arkansas A & M, Sept. 2, 7 p. m., Wilson Carpenter conducting.

ON THE BRINK—Although they're on the brink, are these ducks worried? Not by a dam site on Turtle Creek in Dallas, Texas, where they challenge the strength of the current flowing over the falls.

EXPLORING THE WEST—A favorite in German movies for a number of years, then a star of the dramatic "The Brothers Karamazov," Maria Schell is having a new adventure. Currently she's making "The Hanging Tree" with Gary Cooper. It's a dead-in-the-wood western as this still with Dan Borge indicates.

Let Everyone Play, Rules AAA Group

LITTLE ROCK (AP)—The Arkansas Athletic Assn.'s executive committee took steps yesterday to see that all members of the states high school all-star football and basketball teams get to play in the annual classics.

By a unanimous vote, the committee voted to lengthen playing time of both games and to set up three units on each team, with each unit to play a specified time.

The action was taken to squelch complaints that some all-star players weren't getting off the bench.

Under the new setup, football quarters will be 15 minutes long and basketball quarters will be 10 minutes.

The football and basketball squads will be divided into three units each.

Playing time in football will be 10 minutes each for the three units in the first half and unlimited substitution will be allowed in the second half.

Lions Knock Over Browns In Pro Play

By THE ASSOCIATED PRESS
Coach George Wilson told his Detroit Lions it was time to wipe out a couple of nasty rumors. His National Football League champions responded by knocking over the Cleveland Browns 17-7 in a pre-season exhibition game at Detroit Friday night.

The victory helped the Lions forget last week's 35-10 drubbing at the hands of the College All-Stars. It also kept intact the team's record of never having lost to the Browns on home grounds.

On the West Coast, the Los Angeles Rams capitalized on Billy Wade's passing and a tough defense and defeated the New York

substitution will be allowed in the second half.

The committee discussed redistricting of the East and West teams but no action was taken. Curt King of Augusta association president was named to head a study of the proposal.

The committee voted to ask the Coaches Assn. to agree on changing the number of players on the football squads to 35 to allow for three teams so the new playing system would work.

Friend Almost Certain to Win 20 Games

By JOE REICHLER
Associated Press Sports Writer

Pittsburgh's youth-minded Pirates, en route to their first finish in the first division in 10 years, are almost certain to have a 20-game pitcher this season. He is Bob Friend, the oldest Pirate, in point of service.

The 27-year-old right-hander has 17 victories, more than any other National League hurler. He is credited with the Pirates' 8-4 first-game triumph over St. Louis Sunday although he gave way to Elroy Face after seven innings. St. Louis won the second game 12-4. The Pirates are one percentage point behind the second-place Giants.

A workhorse, Friend already has pitched 215 innings, second only to Milwaukee's Warren Spahn. Although he has lost 13 games most in the league, he already has equaled his top winning mark (17-17 in 1950). In seven previous years, he has had only one winning season—14-9 in 1935.

In other games, Milwaukee increased its first-place margin over San Francisco to seven games, defeating the Giants 9-5 in 10 innings. Cincinnati nipped Los Angeles 6-5 and Philadelphia swept a double-header from Chicago 13-8 and 5-3. The second game was called after eight innings because of darkness.

Bill Mazeroski and Hank Folles drove in two runs each for Pittsburgh in the opener. In the nightcap, Stan Musial's pinch single in the eighth ignited a five-run inning and enabled the Cards to overcome an 8-7 deficit. Joe Cunningham and Irv Noren drove in runs with singles. Gene Green doubled in another and Frank Thomas' wild throw added two more for St. Louis. Ken Boyer hit a three-run homer earlier for the winners.

In the American League, the New York Yankees gained a split with Detroit, winning the second game 3-2 after the Tigers had won the opener 8-3. Boston took a two from Kansas City, 14-3 and 3-2 in 11 innings. Cleveland thrashed Washington 9-1, and Baltimore defeated Chicago 5-2.

Hank Aaron smashed a two-run homer in the 10th as Milwaukee snapped a 5-5 tie. The Braves added another run off Red Worthington on Joe Adcock's double and singles by Andy Patko and Johnny Logan. Leon Wagner hit his "third" home in four days for the Giants.

Frank Robinson's two-out home run in the ninth, after Johnny Temple had led off with a double, gave Cincinnati a come-from-behind 6-5 victory over Los Angeles. Don Zimmer hit a three-run homer for the Dodgers.

Ed Bouchee slammed a home run in each game in Philadelphia's double triumph over the Cubs. His first came with the bases loaded to high-light a seven-run outburst in the seventh inning.

Pinch hitter Rip Repulski also homered in the opener with two on Wally Post and Willie Jones batted in two runs apiece as the Phillies came from behind in the second game with four tallies in the eighth to give relief pitcher Jack Sanford his eighth triumph. First baseman Jim Marshall, purchased from Baltimore Saturday, kept the Cubs alive in both games. He hit two homers and a single in the first game and came through with a home run and single in the second.

Giants, 38-10, in a pre-season set at Los Angeles' Memorial Coliseum.

Wilson, starting his second season as head coach of Detroit, said he didn't make a speech to his players before the game. "I merely told them everybody has been saying we look busy in camp, and we looked busy against the college boys," he said. "It was time they proved a little something to themselves and to everybody else."

If there was one thing the victory proved, it was that quarters back Bobby Layne is ready for his 11th season of professional football.

Layne, whose career was jeopardized by a broken ankle suffered last December against the same Browns, directed the Detroit team to its only long scoring march. It covered 80 yards in 11 plays and the former Texas star passed for more than half the yardage.

The Rams, in posting their second straight exhibition victory, had to come from behind. Ben Agajanian's 28-yard field goal put the Giants out in front in the opening quarter.

But Wade shot the Los Angeles team out in front to stay with two touchdowns passes in the second quarter. He hit Don Arnett on the goal line with a 34-yard strike and then fired a 38-yard touchdown pass to Del Sholler.

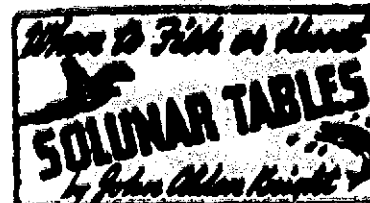

substitution will be allowed in the second half.

The committee discussed redistricting of the East and West teams but no action was taken. Curt King of Augusta association president was named to head a study of the proposal.

The committee voted to ask the Coaches Assn. to agree on changing the number of players on the football squads to 35 to allow for three teams so the new playing system would work.

FOOT REST—Maybe it was the heat or just a desire to recapture her barefoot-girl days that prompted this aged Signora to doff her shoes in Rome. She's found a fairly shady spot on the Campidoglio Hill to relax as the Italian capital suffers through a heat wave.

UP, UP, UP—Striking for altitude in vertical flight is one of the U.S. Air Force's deadliest weapons—the Boeing IM-99A Bomarc. Now in production, the guided missile is designed to intercept and destroy enemy aircraft before they reach American borders. It is capable of supersonic flight and has a range of 200 to 250 miles. An advanced model will increase this to more than 400 miles.

\$200,000 Damage in Helena Fire

WEST HELENA, Ark. (AP)—Fire which broke out in a downtown supermarket storage area spread rapidly to a neighboring department store and left damage in a one-story brick building in the heart of the shopping district.

The blaze destroyed Joyner's Supermarket and the Ben Franklin store and damaged four other establishments. All were housed in a one-story brick building in the heart of the shopping district.

Firemen battled the flames for more than four hours before bringing them under control.

A volunteer, W. E. Pledger, about 35, was hospitalized suffering from shock after he witnessed his knee, Fire Chief Jesse Trainer said.

The chief said about a half dozen other men were treated for minor burns and cuts.

The damaged establishments are Stephens' Department Store, the West Helena office of Mid-South Gas Co., the Twin City Beauty Salon and a jewelry store.

Owner of the building is C. L. Harris of Helena.

Trainer, who made the damage estimate, said the flames spread rapidly through the loft of the building because fire walls extended only to the ceiling. He said the supermarket and department store were complete losses.

The fire was discovered shortly after 8 a. m. and firemen fought desperately until 10:30 before bringing it under control.

All available West Helena fire department companies—three were on the scene. They were aided by Helena unit.

Trainer said the fire apparently broke out in an upper storage section of the supermarket. He said he would conduct a further investigation to determine the cause.

Number of Students Up in Arkansas

LITTLE ROCK (AP)—The number of school children in Arkansas has increased for the first time in eight years, which means a corresponding gain, presumably, in adult population.

The 1958 school population totals 428,107, a gain of 5,335 over the 422,772 total of 1956, a state Education Department report shows.

The figure includes 322,504 white and 105,603 Negro children. Mrs. Thelma Spinnow, supervisor of school loans and statistics, said. This is a gain of 2,301 white and 3,004 Negro children over two years ago.

The report was issued without comment, but education officials said it can be presumed there has been a corresponding increase in adult population in the state.

During and after World War II school population in Arkansas declined steadily. The drop continued from 1950—when the total was 459,842—through 1956. Both white and Negro children were lost, due to moves of families from Arkansas to other parts of the nation.

In the report, three big gains were noted in Pulaski, Sebastian and Jefferson counties. Pulaski gained 2,823 white and 726 Negro pupils; Sebastian 1,120 white and 202 Negro pupils, and Jefferson 506 white and 432 Negro pupils.

Jackson County lost 456 white children and gained seven Negro pupils; Cross County lost 225 white and 54 Negro students.

Eastern Arkansas gained in the number of Negro school children, a survey made in April showed. The report was general and gave no gain-loss breakdown by age group.

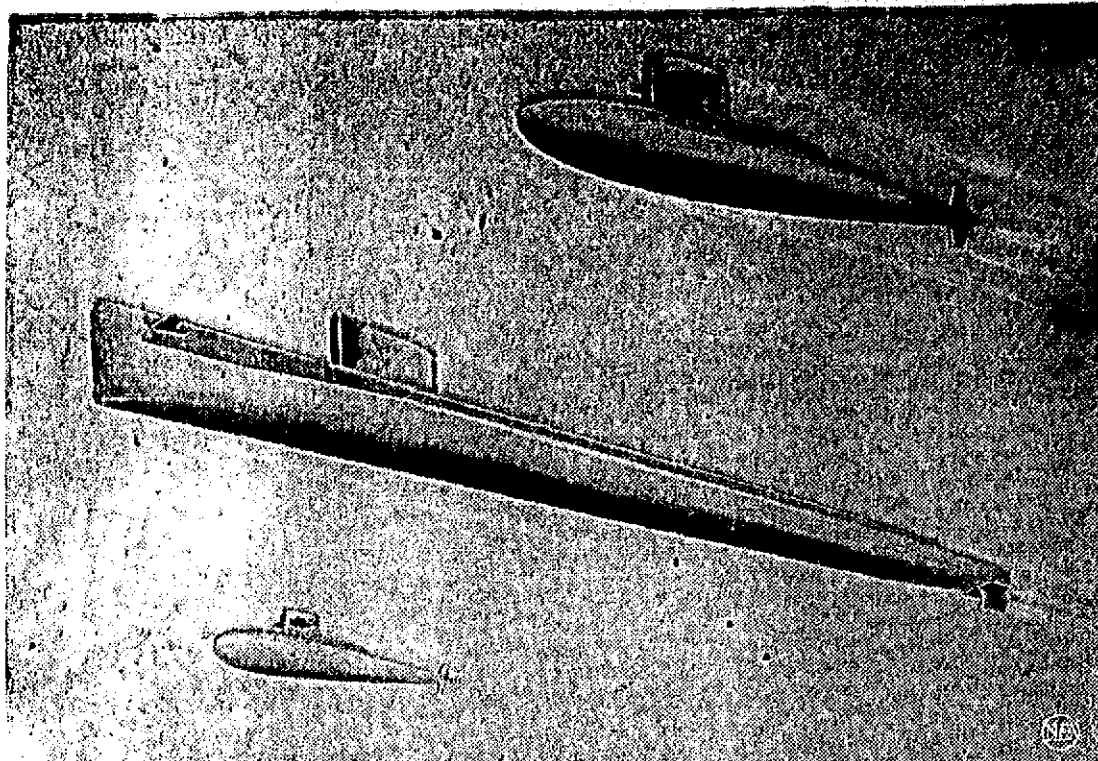

The new enumeration showed gains in both white and Negro students in the following counties: Arkansas, Conway, Crawford, Crittenden, Faulkner, Hot Spring, Jefferson, Little River, Pope, Pulaski, Saline, Sebastian, Union, Van Buren and Washington.

Losses in both white and Negro pupils were noted in these counties: Calhoun, Chicot, Cleveland, Cross, Desha, Drew, Franklin, Greene, Hempstead, Howard, Lafayette, Nevada, Ouchitua, Prairie, Randolph and Woodruff.

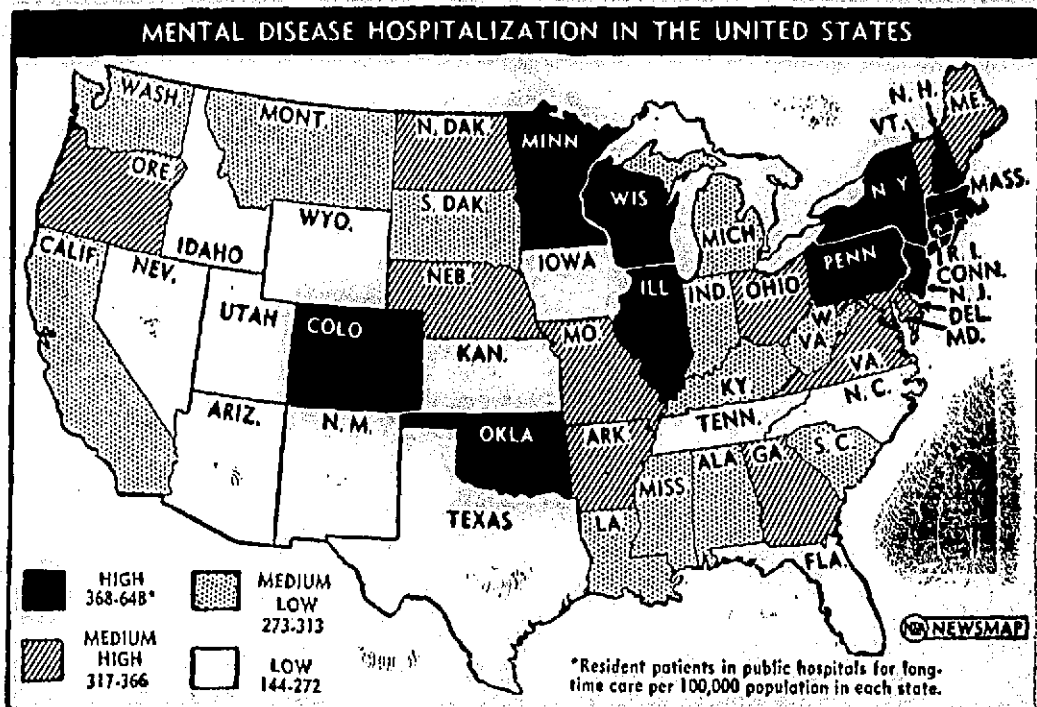

The report showed no Negro students in Baxter, Benton, Boone, Carroll, Clay, Cleburne, Fulton, Madison, Marion, Newton, Polk, Scott, Searcy, Sharp and Stone counties.

GIANT SUB—AND FRIENDS—This sketch shows how the new, 447-foot-long submarine USS Triton, will look traveling underwater with two attack subs of the Skipjack class. The Triton was designed as a radar picket ship. Largest submarine ever built, it is also the first ship in history to be propelled by twin nuclear power plants. Triton was built at General Dynamics Corporation's Electric Boat Division at Groton, Conn.

MENTAL DISEASE PICTURE—Newsmap above shows the geographic variation in number of mental patients in state, county and Veterans Administration hospitals throughout the U.S. New York outranks every other state. Its rate was 648 per 100,000 population. At the other end of the scale are New Mexico and Arizona, only about one-quarter of the New York rate. Variations are accounted for partly by differences in the age and sex composition of the populations, but mainly by differences in the availability of hospital facilities. In 1956 and 1957 there were decreases in the number of resident patients, although the number of admissions continued to increase. This indicated that more patients, though not cured, were spending more time out of hospitals. Data from Metropolitan Life Insurance Co.

Chapter XXV

The car lurched along, as any car of John's would, when he spied a red flare burning in the center of the road. It startled him so that he slammed on the brakes, causing the car to skid on the damp road. He fought the wheel for a few seconds, finally managing to straighten it out. Then he pulled to a complete halt on the shoulder of the road. That would be all he would need, a wreck.

There had been a slide, and a good-sized one.

Three cars were pulled off to the side of the road and the drivers had gathered to talk. He pulled in behind them and got out. They looked up as he approached.

"Say now," one of them said good-naturedly, "if one of us had a deck of cards, we could play poker."

Hal managed a smile. "Hi. Any idea how long it'll take them to clear this up?"

One of the other men spoke up. "The state cop has gone to get a bulldozer. He said the garage was only three miles away, so they should be here any time."

"Did he have any idea how long it would take to do the job?" Hal insisted.

"He didn't say, but I used to be in the construction game, and if their dozer is of any size it shouldn't take over a couple of hours."

Hal's heart sank. Two hours. Maybe more. He just didn't have the time to spend, but what could he do?

"Here comes the dozer and the patrol car now," one of the men said, pointing up the road.

"Guess I'll go back to the car and have a nap," Hal said hurriedly. "I had to get up kind of early this morning. He was in no position to face the law."

Once in the car he slumped down behind the wheel like a man preparing for a nap. It took all his will power, but he managed to sit quietly for about 15 minutes, then the urge for a cigarette became too great. Reluctantly, he sat erect and lit up. He pulled hard on the cigarette and inhaled deeply. The smoke stung his throat, but it was a good feeling.

He smoked the cigarette down until the coal began to burn his fingers, then flicked it through the window and slumped down for another pretended nap. He had just settled, when a voice

an hour should see it done. In a hurry?"

"I have to fix a freezer at the grocery in Sultana. If I don't get there in time, the food will spoil."

The man laughed. "If old Swanson's food is spoiled, you better not show up. That's the orneriest old goat I ever met. Some of the people in Sultana go clear to town for food just because they can't stand him."

He controlled himself until the man was gone, then he began to tremble and feel sick to his stomach. He rested his head against the back of the seat and tried to overcome the waves of blackness that threatened to overcome him.

He must have fallen asleep, for the next thing he knew, someone was shaking him by the shoulder and calling to him.

"Hey, wake up. The road's clear."

It was one of the drivers he had talked to earlier.

"Oh, thanks for calling me." The man went away and Hal pulled himself erect. He found that he felt immeasurably better.

For a length of about five miles, the road was reasonably straight, broken only by an occasional, gentle curve. He passed four

cars, which put him behind an ancient coupe that was traveling about 30 miles an hour.

The road was still full of curves. There was a spot that seemed long enough if he sped up. Almost without being aware of his actions he gunned the motor and swung into the opposite lane.

His speed was about 70 when he spotted the gasoline tank. When the cab came into view rolling around the curved incline, he froze for a second. Recovering himself, he pulled to the right only to hear a grinding of metal against metal as his back fender was struck by the car behind him. Someone else had tried to make the pass, too.

He could see the white face of the truck driver, and he could hear the squeal of tortured rubber as the truck's air brakes labored to bring the massive vehicle to a halt.

Hal crashed head-on into the truck, and a moment of silence, roaring flames leaped for the sky. The truck driver left the gap on shaky legs and got to safety at the edge of the road.

Hal had escaped in a sense, but the real tragedy was that he had no reason to run.

PROPOSED CONSTITUTIONAL AMENDMENT NO. 48

BE IT RESOLVED, by the House of Representatives of the State of Arkansas, and by the Senate of the State of Arkansas, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. Any city of the first or second class, any incorporated town and any county, may issue, by and with the consent of the majority of the qualified electors of said municipality or county voting on the question at an election held for the purpose, bonds in such amount, for the purpose of securing and developing industry within or near the said municipality holding the election, or within the county holding the election.

SECTION 2. Such bonds shall bear interest at a rate not to exceed six per centum (6%) per annum and shall be sold only at public sale after twenty (20) days advertisement in a newspaper having a bona fide circulation in the municipality or county in which such bonds are to be issued, and the said municipality or county may exchange such bonds for bonds of any other municipality or county, at such a rate amount, rate of interest, and length of issue.

SECTION 3. To provide for the payment of such bonds, the principal and interest, as they mature, the municipality or county may levy a special tax, payable annually, not to exceed five (5) mills on the dollar, in addition to the legal rate permitted, on the real and personal taxable property within the municipality or county, or county may, from time to time, suspend the collection of such annual taxes when not required for payment of its bonds; and provided further, however, that in no event shall the real and personal taxable property of any city or town be subject to a special tax in excess of five (5) mills for bonds issued hereunder.

SECTION 4. Such bonds shall be serial, maturing annually after three years from date of issue, and shall be paid as they mature, and no such bonds shall be issued for a period longer than thirty (30) years.

SECTION 5. The governing body of the municipality or the County Court of the county shall have the right to issue such bonds for the purpose of such bonds, and the electors at an election held for that purpose, and shall, if economically sound, so provided.

SECTION 6. The election on the issue of such bonds shall be held at such time as the governing body of the municipality may designate by order, or as the County Judge of the county may designate by order, which ordinance or order shall state the sum total of the issue of such bonds, and shall fix the date of election so that it shall not occur earlier than thirty (30) days after the passage of such ordinance or the granting of said order. The said election shall be held and conducted in the manner now or hereafter provided for county elections when the election is held by a municipality, and in the manner now or hereafter provided for county elections when the election is held by a county, so far as the same may be applicable, except as herein otherwise provided. Notice of the election shall be given by the Mayor of the municipality or by the County Judge of the county by advertisement weekly for at least four times in some newspaper having a bona fide circulation in the said municipality or county, with the last publication to be not less than ten (10) days prior to the date of the said election. Only qualified electors of the said municipality or county shall have a right to vote at the said election; provided, however, that when an election is held by the county, if any city or town within such county has previously voted a levy of five mills under the provisions of the amendment which levy shall not have expired at the time the election is held, then the electors of such city or town shall not be eligible to vote in the county election. The result of the said election shall be proclaimed by the Mayor of the municipality or by the County Judge of the county, and the result so proclaimed shall be conclusive, unless attacked in the courts within thirty (30) days after the date of proclamation.

SECTION 7. All provisions of the Constitution or laws of the State of Arkansas in conflict herewith are hereby repealed. Approved: March 27, 1957.
